LEADING INNOVATIVE TEAMS

October 8 to 11, 2013
DA Country & Golf Club, Karachi

Overview
The Center for Executive Education (CEE) at IBA, Karachi offers Leading Innovative Teams for Team Heads & Managers responsible for creating team culture that foster innovation and new products and services within the organization.

Innovation refers to the process of bringing any new idea, implementing it and producing new products and services for your customers. Innovation requires winning teams within the organization. This program is about what and how winning teams are formed and how they perform? What is the role of a team leader and team members in the team process to foster innovation and creativity within the team? This program will show participants how to start creating winning and innovative teams within their organizations and departments.

Topics Covered
- Team process and rules to foster innovation and creativity
- Understand innovation within the teams
- Identifying the major dysfunctions of a team and how to overcome them
- The role of team leader in leveraging the experience, expertise and positive energy of team members

Benefits
After attending this program, participants will be able to:
- Design a team that matches organization’s routine functions and innovation needs
- Create conditions that enable individuals to perform remarkably
- Diagnose team dysfunctions and administer suitable actions

Program Director - Dr. Nasir Afghan, Director MBA Program at IBA Karachi.
Co-Trainer - Dr. Sajjad Haider, Associate Professor of Computer Science at IBA, Karachi
