Marketing through Social Media

Boost your sales and business by becoming your own Social Media Manager!

In this workshop you will explore a broad range of internet-based social media and integrating the use into overall strategic marketing efforts.

The focus will be on using social media to establish and maintain an effective online presence.

Among other topics, you will also examine online advertising and social media analytics.

Training Outcomes:
- Describe the social media marketing ecosystem & its impact on traditional marketing strategy
- Review the social media marketing process
- Review of the various social media platforms and purposes
- Understand how to integrate social media marketing into the Integrated Marketing Plan to promote brand/company awareness

Fee: PKR 8,000 per participant
(Including networking lunch, training material & certificate)
