

Workshop on Project Management

OVERVIEW

The workshop will introduce a structured approach to managing projects in any industry or financial institution. It will provide participants an opportunity to gain managerial practice through the development of 'Projects Execution Manual' for a real life project.

The Project Management Institute's (PMI) Project Management Body of Knowledge (PMBOK) would be taken as the basis to achieve the desired target.

PARTICIPANTS' PROFILE

- Project managers,
- Program managers,
- Project team leaders

Who have several years of experience initiating, planning and managing projects, and project team members who are interested in enhancing their career by preparing to become a certified PMP.
