LESSONS FOR LEADERS
STRATEGIC THINKING & EXECUTION FOR TOP MANAGEMENT

Framing accurate strategy is a key factor synonymous with successful organizations. And effective execution of such a strategy would naturally project in its performance. Strategic Thinking & Execution for Top Management focuses on identifying key components of strategy which examines how successful companies align with their organizational architecture to execute well planned strategies.

Designed by the Center of Executive Education at the Institute of Business Administration, Karachi, in association with the Indian School of Business, this Executive Education Program is meant for top leaders, such as CEO’s and strategic business unit heads, responsible for the making and execution of strategy in their organizations. The program will help leaders look at the current level of their company’s execution capabilities and explore ways of developing it to a higher level through short-term and long-term actions.
