

Workshop on SAP ERP ECC6.0

Information
Technology

March 05 to 08, 2014

9:00am – 5:00pm

Venue: CEE@IBA, Karachi

OVERVIEW

In this age of digitalization, SAP ERP has proved to be the most popular ERP application around the world. Pakistan is not an exception as many of the KSE listed companies have adopted SAP as their integrated information system, privates are in addition. This workshop is targeted towards providing a firsthand understanding of the architecture and functioning of various modules of SAP ERP with hands on experience, to give its participants practical understanding of the underlying business processes. The workshop contains fundamentals of SAP Financials (Financial Accounting FI, Managerial Accounting CO) and Logistics (Materials Management MM, Production Planning PP, Sales & Distribution SD, and Warehouse Management WM), Human Resource Management HCM and Project Systems PS.

This course is being internationally offered at various universities under SAP University Alliance Program (UAP), IBA being the pioneer in Pakistan to join hands with SAP. After completing this workshop, participants are expected to have appreciable understanding of the basic terminology, interfaces and basics of underlying business processes in SAP Financials, Logistics and Human Resources.
