

Workshop on Security Risk & Crisis Management

Strategy &
Management

February 10, 2016

9:00am – 5:00pm

Venue: CEE@IBA, Karachi

Program Overview

Pakistan has been ranked at Global Terror Index (GTI) within first five states in line with Iraq, Afghanistan, Syria and Nigeria based on terror incidents and casualties rates, rendering entire public and private business corporate highly vulnerable in terms of security risk. On the other hand, Security Risk Management is an emerging field and is still passing through infancy at Pakistan leaving a capacity gap between ever growing threats and desired level of response. In order to build the capacity and generate a holistic response this workshop is planned to carry out analysis of geopolitical risk, local security/terror state and corporate specific threats, under international standards and global best practices to mitigate security risk and to protect people, assets, processes and information - With an ultimate aim to link geopolitical & security risks with organizations strategic imperatives to achieve profit margins and sustainable growth.

Learning Outcomes

- Enhance geopolitical risk profiling skills.
- Establish & maintain department-wise security education & training programs.
- Establish procedure, policies, methods, &/or standards for identifying & protecting information, personal, property, operations, or material from unauthorized disclosure, misuse, theft, assault, vandalism, espionage, sabotage, or loss.

FACULTY

Rizwan Ahmed is a well accomplished security professional with armed forces and private leadership achievements at regional and international levels spread over two and a half decades period. Since post-transition, he is engaged in diverse professional activities in private in the fields of security risk & crisis management. He is currently leading a security consultancy firm, besides security professional role at reputable corporate entity. Moreover, he is operating as an emerging corporate trainer and also appeared as security analyst at leading media channels on various sensitive issues. He is veteran of war against terror across tribal agencies at AfPak region, Kargil war at Siachen-Kashmir, ceasefire violations at Kashmir and United Nations peacekeeping operations at Congo Africa. He successfully led hundreds of security forces, equipped with millions of assets in counter-terrorism and active warzone operations, guided executive protection in high risk environment, managed security risk of strategic assets and conducted humanitarian rescue, relief and evacuation operations in severe crisis/disaster situations. He is an MBA from IBA Karachi and his services are acknowledged by national award 'Tamgha-I-Imtiaz' & international award 'United Nations Peacekeeping Medal'. His recent initiative in the form of security risk consultancy, a think-tank cum social enterprise is aimed at building capacity for resilient organizations and crisis leadership, with the ability to mitigate risk(s) emanating from geopolitical threats.

Tufail Khan is a well experienced security professional with a military background and vast exposure into the corporate security industry at international level. He has successively remained engaged in planning and conduct of security risk and crisis management tasks for several multinational clients from diversified business communities including FMCGs, Financial Institutions, Telcos, Energy Sector, Aviation Industry, Media, Not-for-Profit International Organizations and Public Sector Institutions. Currently, he is co-founder of a security risk consultancy firm after leading an Aussie based multinational security consultant group and completing a decade long period of delivering security support services. Whilst, he worked in every corner and complex environment of the country, his key expertise revolves around Security Development and Compliance, Threat Assessments, Risk Management, Crisis & Emergency Response, Close Protection, Asset Protection, Security Audits, Counter-terrorism and Intelligence/Risk Reporting. Prior to his move into the corporate security sector, Tufail served in armed forces for over nine years on various command and staff appointments. Tufail is a graduate from Karachi University and his professional skills are endorsed internationally by global CEO and a number of expatriate clients. He looks forward to introduce and promote international standards and best practices for domestic security needs with an aim to develop and empower the security culture particularly among business community.
