

Workshop on ERT Concepts, Rescue & Survival and Fire Emergency

August 25, 2017
 9:00 am to 5:00 pm
 Venue: CEE@IBA, Karachi

OVERVIEW

To prevent fires from starting, an Organization must incorporate regular Audits, Firefighting Drills, Employee motivation, leadership and conduct fire equipment inspections at locations/sites to verify adherence to SOPs. Therefore, Firefighting requires specialized skills in combating, extinguishing, and preventing fires at its basic levels, answering emergency calls, operating and maintaining fire department equipment and establish extensive training in performing firefighting and rescue activities in the most befitting manner. Loss of life is not acceptable to the Public and media just because of negligence.

TRAINERS PROFILE

Wing Commander (Retd) Aamer Shabbir, General Manager Administration and Acting Registrar at IBA, Karachi is an expert professional mentor and a seasoned Coach in the field of Emergency Response, Fire Fighting and First Aid.
