Certificate Program on Current Good Manufacturing Practices (cGMP) in Pharmaceuticals

OVERVIEW

Pakistan Pharmaceuticals are striving to improve cGMP (Current Good Manufacturing Practices) complaint status, increase productivity levels and become highly competitive in the world market. Skills and knowledge Developments of employees are major challenges in the Pharmaceutical industry of Pakistan.

To respond to this need IBA/CEE developed a diploma program to promote the effective GMP compliance. Our approach is to change the way we view and manage quality. The course is in lines with cGMP, as regulated and guided by national and international agencies for the pharmaceutical industry.
