PROGRAM OVERVIEW

The textile sector is a cornerstone of Pakistan's economy, contributing significantly to exports, employment, and industrial growth. As global markets evolve, textile organizations face increasing pressure to improve productivity, compliance, sustainability, and leadership capability across the value chain.

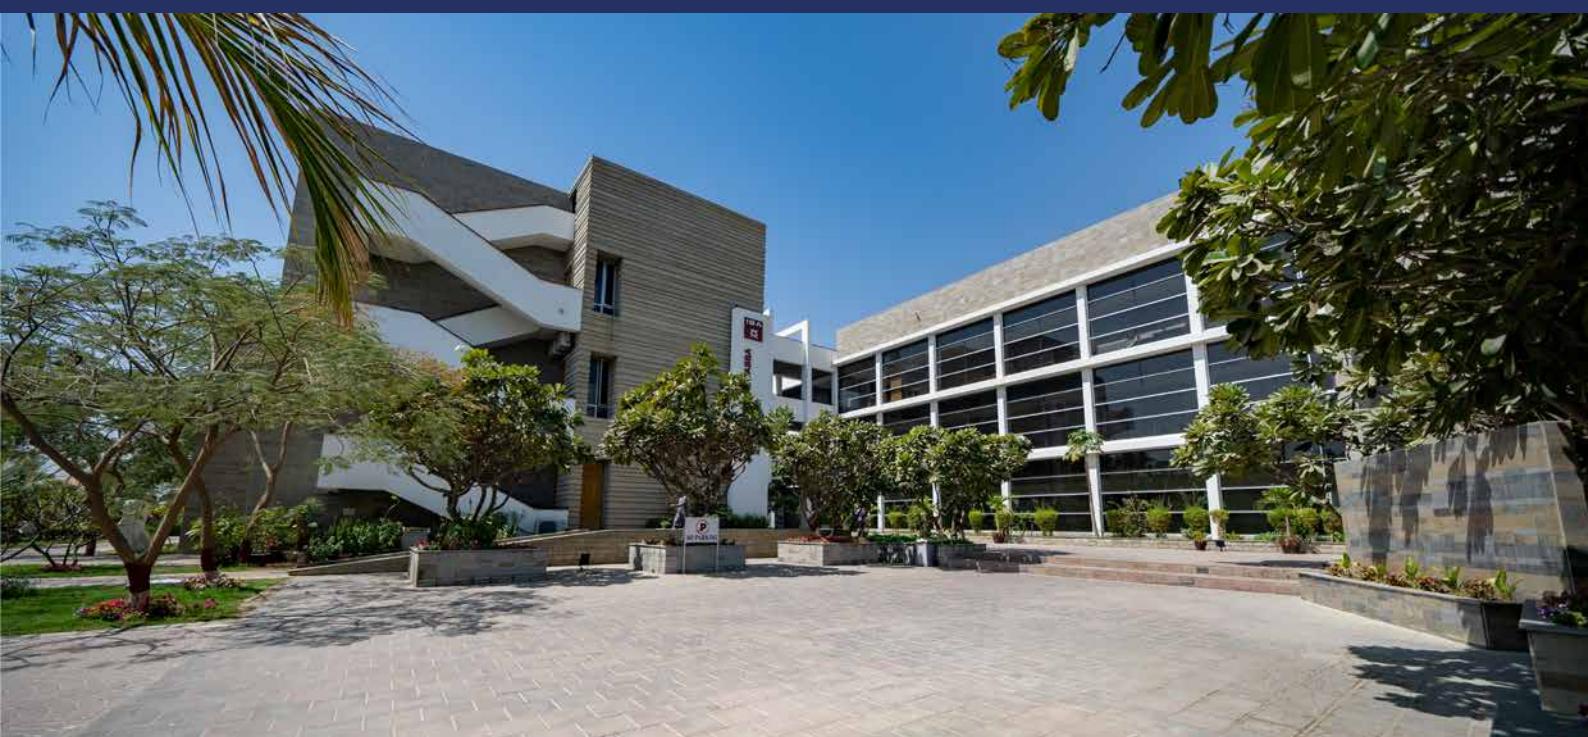

The Diploma in Textile Leadership and Management is designed for professionals working in spinning, weaving, processing, garment manufacturing, sourcing, and export-oriented textile businesses who seek to strengthen management capability and lead their organizations with clarity and confidence.

PROGRAM COVERAGE

Key areas covered in the diploma include:

- Overview of Pakistan's Textile Industry and Global Positioning
- Textile Value Chain: Spinning to Finished Goods
- Production Planning, Capacity Utilization, and Cost Management
- Quality Control, Compliance, and International Standards
- Sustainability, ESG, and Buyer Expectations
- Human Resource Management in Textile Operations
- Supply Chain, Sourcing, and Export Management
- Leadership, Change Management, and Operational Excellence

The curriculum reflects local factory realities and export market demands, supported by applied frameworks and practical discussion.

WHO SHOULD ATTEND

This program is particularly suited for:

- Factory managers and production heads
- Operations, planning, and quality professionals
- Export, sourcing, and merchandising managers
- Owners and next-generation leaders of textile businesses
- Professionals preparing for senior management roles

LEARNING OUTCOMES

Upon completion, participants will be able to:

- Understand and manage textile operations more effectively
- Improve coordination across production, quality, and supply chain
- Respond to international buyer and compliance requirements
- Lead teams and processes with greater confidence and discipline
