

## Certificate program on GS1 Global Barcode Standard

4 September 2016 - 0900am to 0500pm

The Center for Executive Education, IBA in joint collaboration with GS1 Pakistan introduces Global Barcode GS1 certificate program. Join the one day interactive course to get insight in to best practice supply chain management by the strategic application of the GS1 standards. The GS1 System enables Pakistani and international businesses to achieve excellence in supply chain management, product traceability and overall operational efficiency and effectiveness.

- Introduction to GS1 Pakistan and its key areas of activity
- The key principles of the GS1 System of standards
- How do the GS1 Standards facilitate supply chain efficiency and effectiveness
- All about the retail POS (point-of-sale): numbers, barcodes, rules
- Global Trade Item Numbers (GTIN), Global Location Numbers (GLN) and more
- Which GS1 barcodes to use depending on the nature of the products
- How to identify trade items at different levels of packaging
- How to identify logistics units using the Serial Shipping Container Code (SSCC)
- How to use the GS1 System to assist in traceability, FIFO (stock rotation) and inventory management
- Common problems and troubleshooting
- Technology considerations
- How to practically implement the GS1 System or improve its application within any businesses.

### Why GS1 Certification?

- GS1 Pakistan is offering tertiary students the GS1 Academic Certificate, an interactive course that provides insights into best practice supply chain management by the strategic application of the GS1 standards.
- The GS1 Academic Certificate is a single day interactive course that is based on role-play, simulating typical business scenarios that require practical and realistic solutions.
- The GS1 System enables international business to achieve excellence in supply chain management, product traceability and overall operational efficiency and effectiveness.
