WHO SHOULD ATTEND?

Senior & Mid-Level Non-finance executives who are involved in the business operations including: Sales & Marketing, Supply Chain, Production, Engineering, IT & HR, etc.

PROGRAM OVERVIEW:

Understanding of numbers is imperative in today's highly competitive business world. It is considered as a business language and a basis for business decision making. Accounting is the vehicle that helps the management in planning and controlling the resources of the business. The more important decision, the more need for relevant information.

COURSE OUTLINE

- Importance of Accounting and Finance for Non Finance Managers for business decision making.
- Mastering in reading Balance Sheet, profit & loss account and cash flow statements along with accounting concepts, assumptions & statutory requirements.
- Understanding how performance of marketing, sales, production & inventory management is reflected in Financial Statements.
- Techniques for analysis of financial statements to provide basis for evaluating financial and management performance, & using same for decision making.
- Analysis of Cash Flow Statements.
- Product cost sheets and role of non-finance professional in product cost reduction and combating competition or sales price constrains.
- Cost concepts & their use for business decision making including concurrent engineering, cost of quality.
- Break Even analyses - for planning a new business and controlling the operations.
- Budgeting - techniques & importance, operating, financial and cash budgeting.
- Effective Management Reporting internal & external
- An overview of Corporate Reporting and matters relating to non-finance executives.
- Case studies

PROGRAM LEARNING OUTCOMES:

- To remove fear of accounting and finance and to communicate effectively with Finance Executives.
- To acquire a solid grasp of how information is conveyed in basic financial statements and monthly reports reflecting the performances; how to analyze the information, how to use the information to make informed decisions
- To enhance the decision making skill by using accounting, cost & management accounting concepts in day to day operating decisions and planning the business models
