

Mastering Project Management

PROGRAM OVERVIEW

This hands-on workshop provides structured knowledge of projects and their management in any industrial sector. It exposes participants to the diversity of approaches, tools, and techniques utilized in the field of Project Management.

Topics covered, with handholding and multiple walk-throughs by experts, make this interaction deep and cutting edge, with PMI's PMBoK and ISO-21500 as the baseline. The workshop includes hands-on training of MS Project and covers agile project management, project risk management, public procurement, and large-scale projects.

TOPICS COVERED

- Project Management Fundamentals
- Streams under Project Management Framework
- Project Feasibility Analysis
- Project Integration Management
- Project Planning
- Project Scope & Stakeholder Management
- Project Schedule & Cost Management
- Project Quality & Procurement Management
- Project Monitoring
- Tips on Managing Large-Scale / Mega Projects
- Project Management Software Packages (incl. MS Project)
- Project Risk Management
- Project Management Body of Knowledge (PMBoK): Knowledge Areas & Processes
- Hands-on Live Action Project

LEARNING OUTCOMES

- Recognize the Streams/Elements of the Project Management Framework
- Explain Fundamental Facets of Project Feasibility Analysis to Select the Right Projects
- Effectively Execute various Tools relevant to the Project Management Lifecycle
- Organize logically the Project Planning Phase for Project's Success
- Confidently Manage the next Complex Projects by developing Life-long Learning Skills
- Develop Professional Networking with other Project Managers
- Complete Certification Requirements of 35 PDUs

TRAINER'S PROFILE

RAMEEZ KHALID

Associate Professor, IBA Karachi

Dr. Rameez Khalid is a strategy consultant and academic with over 20 years of leadership in operations, project management, and organizational development. As Associate Professor at IBA Karachi, he led programs including Executive Education, MBA, and BBA, and chaired key governance committees.

He holds a PhD in Project Management from INP Toulouse and certifications including PMP, CPSM, and CQSSBB. Rameez has trained over 6,000 professionals across sectors, advised family businesses, and consulted for companies like Dawlance and Rajby.

His achievements reflect a Kaizen-driven philosophy and a mission to ignite meaningful change through resilient strategy and client-centric excellence.

DR. SYED IRFAN NABI

Assistant Professor, IBA Karachi

Dr. Syed Irfan Nabi is an academic and trainer specializing in project management, Management Information Systems (MIS), and information security. An Assistant Professor in the Department of Computer Science at IBA Karachi, he holds a PhD in MIS from IBA Karachi, an MS in Software Engineering & MIS from George Washington University (USA), and a BS in Mechanical Engineering from NWFP University of Engineering & Technology.

Since joining IBA in 2003, he has served in various academic and leadership roles, including Academic Director of the Postgraduate Diploma (PGD) Program. Prior to joining IBA, he worked as a System Specialist at George Washington University.

His teaching spans the full project management lifecycle, including planning, execution, monitoring and control, risk management, and establishing effective Project Management Offices (PMOs) as well as MIS, information security, and operations management. He has also published extensively on project management maturity and information security governance.
